You can:

- * Save the files on your computer and print off copies for your homeschool or classroom.
- * Link directly to www.spelloutloud.com to share my files with others.

Please Don't:

- * Host any of these files on your own site or file-sharing sites(i.e. Yahoo groups etc).
- * Alter or sell any of the files.
- * Sell files to make a profit (i.e. print, laminate, and sell as kits to others.)
- * Transmit or store any resources on any other website or other form of electronic retrieval system.

Directions:

Print out the pages and slip into page protectors. Find various objects and have students test to see which will float and which will sink. Place the objects on the correct mat and then count how many are on each mat. Talk about why they think an object floated. Have them feel the objects and see how heavy/light they are. Is it metal? Wood? And of course, let them have fun getting a little wet! :)
