

Week 4: Digestive System

Name: _____

Unit Verse:

I praise you because I am fearfully and wonderfully made; your works are wonderful, I know that full well. Psalm 139:14

Concepts Taught:

- The digestive system is constantly making new nutrients and breaking down old nutrients which are removed as waste.
- The digestive process: mouth-teeth-saliva-tongue; esophagus- stomach- small intestine--large intestine- rectum-anus.

Vocabulary:

Chemical digestion: The process of converting food into chemical substances that can be absorbed by the body.

Mechanical digestion: The physical break-down of food.

One thing I learned this week:
